

## Quality Policy for Carl Bechem Mexico Lubrication Technology

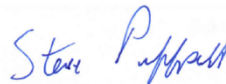

BECHEM is a business partner striving to achieve and increase the satisfaction of our clients through our services of consulting, warehousing, sale and distribution of specialized lubricants that meet or exceed their needs and requirements.

We aim to always accomplish our quality objectives by constant monitoring and measurement which allows us to supply our customers following the standards of our integrated management system, fulfilling our commitment to their needs and satisfaction, observing the safety of the supply chain and always driven by continuous improvement.
